Welcome

▲ Tony Lee, Publisher and Chairman of the Board, RT Group

▲ David Gibbons, Publisher and Director, RT Group

Distinguished guests from all over the world,

Welcome to the 12th RemaxWorld Expo and the 6th iPrint 3D Expo.

In order to create a one-stop-shop platform for all exhibitors and visitors, this year's RemaxWorld expo not only provides a full range of office supplies solutions integrating copier consumables, but also a NEW product zone with office equipment, intelligent office solutions, software, as well as e-commerce solutions.

We want you to be impressed and surprised at having a fresh show experience.

As with previous years, the show continues to expand in terms of exhibitors and visitors. This year, RemaxWorld continues to attract more than 450 high quality exhibitors as well as more than 15,000 visitors from all over the world.

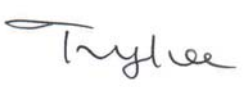

Concurrently, the 6th iPrint 3D Expo will be hosted at the same place, providing you with cross-industry integration. We have organized technology seminars and new product launches to assist you obtain the latest information.

To help visitors and exhibitors get together, we have integrated our own and other industry media promotion channels and resources, including inTouch TV, five language editions of the RT Imaging World magazine, our website, APP and social media platforms.

In 2019, we look forward to meeting you and others at our RT Imaging Expos in the Africa and the Americas. We hope to partner with you to explore more business opportunities in the coming year.

Lastly, we extend our sincere thanks and greetings to guests from all over the world. We wish you prosperous success in this beautiful season.

See you in 2019.

尊敬的各位来宾，

欢迎参加全球打印耗材行业的顶级盛会——第12届中国（珠海）国际打印耗材展览会（以下简称“珠海耗材展”），以及第六届亚洲3D打印展览会。

为满足您的多样化采购需求、打造一个一站式服务平台，本届珠海耗材展除了继续为各位买家提供打印机及耗材、复印机及耗材等全系列办公产品解决方案外，还为您倾力打造了一个新产品展区，将办公设备、智能办公解决方案、办公软件以及电子商务解决方案等产品呈现在您面前。

我们期待本届展会能给您留下深刻的印象、带给您新鲜的体验和不一样的惊喜。

在往届展会的坚实基础上，本届耗材展吸引了来自全球100多个国家超过450家企业参展、逾15000名全球买家前来参观洽谈。

同期，第六届亚洲3D打印展也将在同一地点举行，邀请您一起探索跨界整合的商机。此外，展会期间还将同期举行技术研讨会和新品发布会，与您分享最新的行业讯息。

为了让买家和您更好地交流，我们通过整合自有以及其他的行业媒体推广渠道与资源，如inTouch新闻视频栏目、五个语种的《ImagingWorld》出版物、网站、手机APP和海内外社交媒体平台，为您提供全方位的市场营销服务，为您拓展业务与市场。

2019年，再生时代将继续在欧非中东地区和美洲地区举办打印耗材行业峰会暨展览会。我们真诚地希望能帮助您在来年探索更多的商机。期待您的参与！

最后，再次向各位来宾表示衷心的感谢和诚挚的祝福。预祝您在此次展会上满载而归。

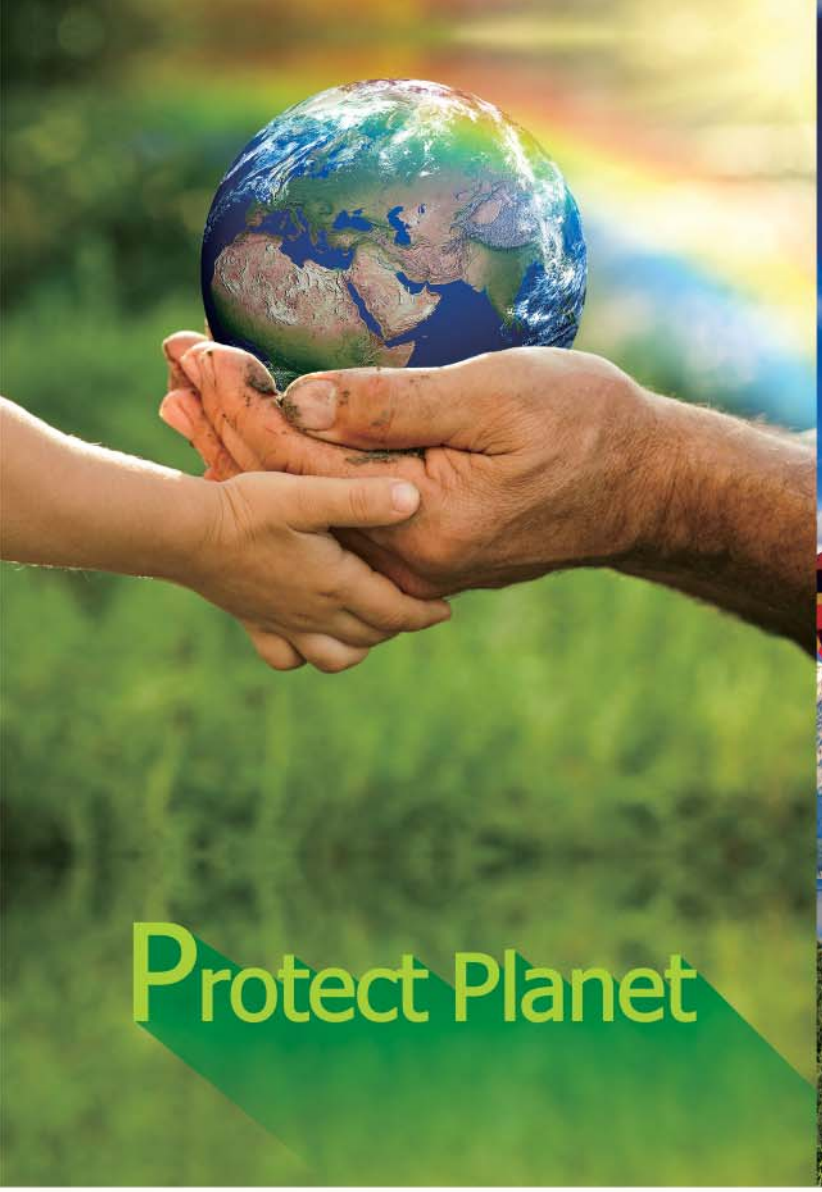

我们2019年再见！

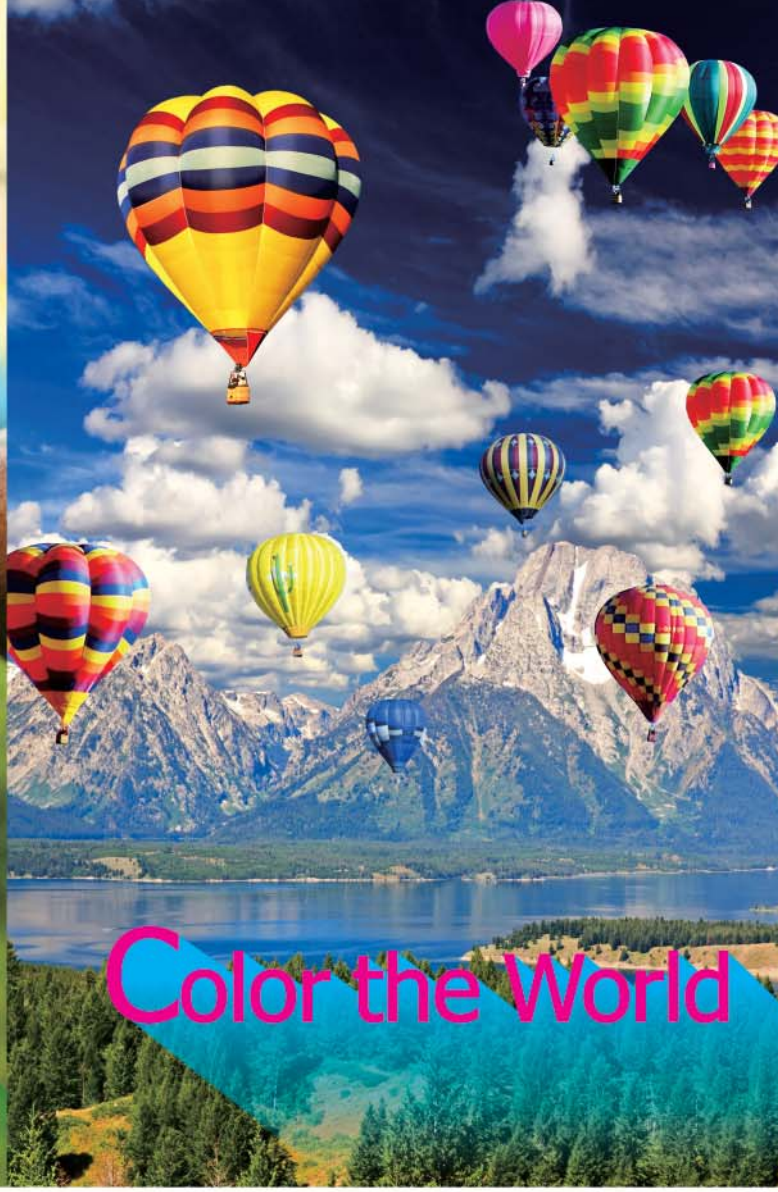

李广连

Maintain productivity

Get optimal print quality and keep your printer or multifunction product (MFP) up and running smoothly with HP original long life consumables (LLCs), including fuser kits, image transfer kits, print image drums, toner collection units (TCU), and automatic document feeder (ADF) maintenance kits. When your printer prompts you that it needs maintenance, simply pull out the kit and replace parts as needed.

Fuser kit

The fusing assembly in your HP device bonds toner to paper through a combination of heat and pressure. Replacement of your device's fusing assembly is simple with the HP fuser maintenance kit.

Transfer kit

Although your HP device's original transfer belt and drum are built to last, they wear down over time and may require replacement. An HP image transfer kit has everything you need to ensure your device keeps delivering optimal print quality.

ADF maintenance kit

Your HP device's ADF makes scanning and copying documents fast and simple. Stay productive and keep your ADF working properly with an HP ADF maintenance kit.

Print image drums

Maintain sharp, crisp and clean text and graphics with an imaging drum designed to work seamlessly with HP LaserJet toner cartridges and advanced toner formulation. Use Original HP supplies for professional-quality results.

Toner/Ink collection unit

HP utilizes several different methods to collect unused toner, paper fibers, and dust in the imaging system. Some TCUs are built into our all in one cartridges; others are physically incorporated into a long life consumable or packaged with a maintenance kit.

The TCU is an easy-to-replace, high-yield HP supply designed to reduce user-intervention rates. On many devices, the printer control panel provides a proactive alert when the TCU is approaching its end of life and you need to order a replacement.

Easy recycling

After installing the replacement kit in your device, easily recycle your old parts for free through the HP Planet Partners Program.[1]

We have been devoted to the copiers trading business for over 20 years. We export new and used copiers of Konica Minolta, Canon, Ricoh, Xerox and Toshiba. We supply any used part such as drum controller board, fax kit, transfer belt and fixing unit, and we also sell accessories of original developers and refilled toners, etc. We also make efforts to save the environment. Our team of trained and professional engineers collect and recover used copiers. They would ensure each machine is well tested and refurbished before sending it back to the production frontline again. Through their professional hands, these machines resume normal and work efficiently as if they were new. We also supply refilled toners which help save the toner cartridges from being trashed and ensure they can be fully utilized. We believe in win-win. We take pride in every success of your business and mutual benefits of all business interactions. Call us if you share our beliefs.

我们自 20 多年前成立以来，便致力于印刷产品的贸易。我们出口质量优秀 OPC 鼓，二手复印机，二手和全新零件，牌子包括柯尼卡美能达、佳能、理光、施乐、东芝和京瓷等等。我们有受过专业训练的工程师团队为这些二手复印机进行维修和翻新，经过专业处理后每台机械能像新的一样运作，机械送回客人前还会确保每台机械通过严格测试。

LaserLand helps remanufacturers produce the best cartridges possible. Owner, Steve Michlin, was described in PCWeek magazine December 16, 1986 as the first remanufacturer. As a leader in the field, Steve switched to supplying and advising others. Steve's engineering background is the basis for over 39 patents. Steve estimates that NOT using Methuselah brand padding powder can cause wiper blade flipping on over 5% of toner cartridges. Some Benefits of Methuselah Powder are: prevents wiper blade flipping; makes copiers and printers components last longer; significantly reduces defect rate; lasts over 8,000 pages; invisible on drum and wiper blade. Try the two finger test. Compare your current lubricant with Methuselah Powder by rubbing the powders between fingers. You should be able to easily feel the difference.

Epson has produced numerous trailblazing products that have ushered in new eras in technology since 1942. The compact lightweight digital printer became the namesake of the Epson brand. This digital printer was a sensational global hit that boasted terrific durability and reliability thanks to a simple architecture. Then came other revolutionary products such as photo-quality color inkjet printers that brought photo printing into ordinary homes and 3LCD projectors that changed the way business presentations are made. The source that fuels the development of these products are the efficient, compact, and precision technologies that Epson has fostered.
